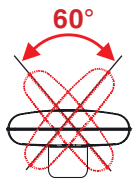
WM-S 9 Silent Power

Powerful, incredibly quiet and flexible

CASAFAN



Energy saving
DC/EC Motor

COMMERCIAL USE
Certified in accordance with Machinery Directive 2006/42/EC, part 1 for commercial use.

IP54
dust protected
splash proof

Remote control for operating one or more fans, including

WM-S 9 Silent Power IP54

Protective grille, stand frame in matt black lacquered steel, impeller in green lacquered aluminium

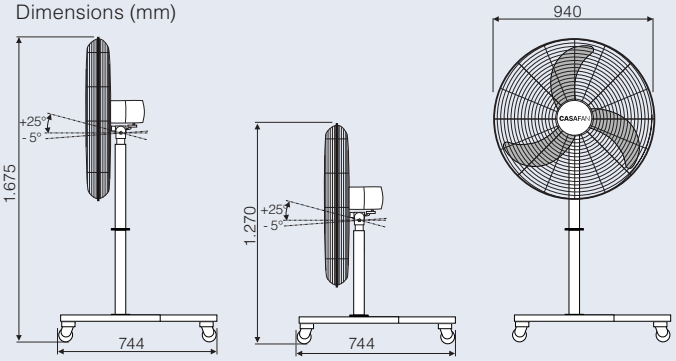
- Mobile, industrial stand fan with extra-strong airflow and minimal noise.
- Heavy-duty, robust industrial design,
- Range (air speed >1.0 m/s) >35 m.
- State-of-the-art DC/EC motor with very high energy efficiency.
- 3-blade aluminium impeller, CDF optimised for air flow and noise reduction.
- 6 speed settings, selectable via rotary switch on the motor or remote control. Switch-off timer for up to 9 hours.
- Vertical tilt adjustable from -5° to +25°.
- Switchable electronic 60° oscillation.
- Protective grille, housing and frame painted matt black. Corrosion protection.
- Sturdy, non-tip steel tube frame with standpipe. 3 transport castors with locking brakes.
- Protection class IP54 dust and splash-proof, protection class I.
- 2.5 m rubber hose cable H07RN-F G 3 1.0 mm² for high mechanical stress with European protective contact plug IP54.

Product	Code No.	Housing/grille	Blade
WM-S Silent Power IP54	309005	Matt black	Green

Technical details

Model	WM-S Silent Power IP54		
Power motor (W)	200 max.	Sound pressure (L_P-3m) dB(A)	37,3
Voltage (V/Hz)	220-240/~50	Sound power (L_W) dB(A)	57,8
Number of speeds	6	Airflow max. (m³/h)*	27.720
Rpm min. -1	730 max.	Weight (kg)	22,6

Dimensions (mm)



Ambient temperature - 10° to +42 °C. * measured in accordance with EU 327/2011

WM-S 9 Silent Power IP54 low profile design as floor fan
